**ORDER :**

Due to heavy cyclonic rains in the catchment of Krishna river basin in particular Andhra Pradesh State part resulted huge floods in the river system causing damages to the irrigation sources all along Krishna and Tungabhadra rivers in Kurnool Mahaboobnagar, Nalgonda, Krishna and Guntur Districts. There have been heavy damages to the irrigation systems during the unprecedented rains from 30-09-2009 to 07-10-2009 resulting in flash floods which surpassed all peaks so far recorded at various locations in Krishna River. Government has decided to restore the systems on war footing basis in order to ensure irrigation and drinking water supplies at the earliest time possible.

2. In the reference 1<sup>st</sup> read above Government has accorded Administrative approval for Rs. 56.90 crores for restoration of flood damage sources under major & medium irrigation Projects. In the reference 2<sup>nd</sup> read above Government has constituted a committee to examine the Administrative approval and entrustment of works to the agencies.

(Contd....on P.2)

3. The Chief Engineer (P) Kurnool vide reference 3<sup>rd</sup> read has reported that due to continuous heavy rains occurred on 29-09-2009 and 01-10-2009 in Kurnool, Nandyal, Allagadda and Mydukur, damages were occurred to the structures in K.C canal system for the 45 No's reaches. The immediate restoration cost is arrived as Rs. 355.11 lakhs. The field staff already furnished the damage reports in APFC – 20 to all concerned including Accountant General Hyderabad. Further Chief Engineer (P) Kurnool vide reference 4<sup>th</sup> read has reported damages to the TBP Low Level Canal ( LLC ) system and requesting to arrange Rs. 74.70 lakhs towards immediate restoration to continue irrigation to the ayacut to save the standing crops.

4. The Chief Engineer (P) Ananthapur vide reference 5<sup>th</sup> read has reported that Major damages occurred to the Lift irrigation Schemes along the Tungabhadra river and requires immediate restorations Mugaladoddi L.I Scheme which has been commissioned during 2008 to supplement irrigation water to the gap ayacut of 3793 acres under TBP LLC system, was damage extensively. The immediate restoration of the above LI scheme with cost of Rs. 234.00 lakhs is required to supply the Irrigation water for Rabi Crop.

5. The Chief Engineer Neelamsanjiva Reddy Sagar Srisailam Project vide reference 6<sup>th</sup> read above has informed that unprecedented floods have occurred during October 2009 and the water level in the reservoir touched all high record of + 896.5 ft against the FRL of +885.00 ft and the MWL of the +892.00ft. The discharges through the Spillway have far exceeded the designed discharge of 13.20 lakh Cusecs and consequently certain damages have occurred to the stilling basin and other appurtenant works of the dam. The gates of the spillway also require urgent repairs and replacement of ropes etc. Hence it is submitted that at least an additional Rs.30.00 crores is required for taking up the flood damages repair works.

6. After careful examination of the issue, Government here by order that approval for an amount of Rs 36.6381 Crores is accorded for taking up the restoration works of the projects as per the Annexure. Committees constituted vide reference 2<sup>nd</sup> read above will examine the Administrative approvals pertains to Major Irrigation Projects and entrustment of works to agencies.

(Contd....on P.3)
